PROFILE

ZENTA is our new signing and one you cannot miss out.

Not only he has written for acts such as *MY FIRST STORY, Do As Infinity, SUPER☆GIRLS, and AKB48,* but also contributed to several video game music (i.e., the Sega-Playstation 2 "*Yakuza" series*) and music for TV programs ("*JoJo's Bizarre Adventure*").

His latest work, the insert song for "Dragon Ball Super" which features a legendary Akira Kushida on vocal, is already going viral among anime fans in spite of the fact that it still has not been released.
